The information provided in connection with the live transmission may contain statements related to our future business and financial performance and future events or developments involving Siemens Healthineers that may constitute forward-looking statements. We may also make forward-looking statements in other reports, in presentations, in material delivered to shareholders and in press releases. In addition, our representatives may from time to time make oral forward-looking statements. Such statements are based on the current expectations, plans and certain assumptions of Siemens Healthineers’ management, of which many are beyond Siemens Healthineers’ control. As they relate to future events or developments, these statements are subject to a number of risks, uncertainties and factors, including, but not limited to those possibly described in the respective disclosures. Should one or more of these or other risks, uncertainties or factors (e.g., events of force majeure, including but not limited to unrest, acts of war, pandemics or acts of God) materialize, plans change or should underlying expectations not occur or assumptions prove incorrect, Siemens Healthineers’ management actions, actual results, performance or achievements of Siemens Healthineers may (negatively or positively) vary materially from those described explicitly or implicitly in the forward-looking statement.

The information provided in connection with the live transmission may include supplemental financial measures that are or may be alternative performance measures not precisely defined in the applicable financial reporting framework. These supplemental financial measures may have limitations as analytical tools and should not be viewed in isolation or as alternatives to measures of Siemens Healthineers’ net assets, financial position or results of operations as presented in

accordance with the applicable financial reporting framework. Other companies that report or describe similarly titled alternative performance measures may calculate them differently, and therefore they may not be comparable.

For further explanations of our (supplemental) financial measures, please see chapter “A.2 Financial performance system” of the combined management report and in the Notes to consolidated financial statements, Note 29 “Segment information” of the Annual Report 2025 of Siemens Healthineers.
